

Medi-Scan

Privacy Policy

AI-Powered Smart Health Companion

Updated: [Insert Date]

Effective Date: [Insert Date]

Legal Name: [Insert Company / Developer Legal Name]

This Privacy Policy explains how Medi-Scan collects, uses, stores, shares, and protects personal information, health information, medical documents, location information, payment-related information, and app usage data when users access Medi-Scan mobile application services.

Important: Medi-Scan is not a substitute for a doctor, pharmacist, hospital, laboratory, emergency service, or licensed healthcare professional. AI explanations and suggestions are informational only.

Coverage Checklist

The following table confirms that the key privacy policy requirements requested for Medi-Scan are included in this document.

Requirement	Status	Where Included
Information We Collect	Included	Section 4
Location Usage	Included	Section 5
Data Sharing	Included	Section 8
Payments	Included	Section 6
Account Deletion	Included	Section 12
Legal and Support	Included	Sections 14 and 20
Age Restriction	Included	Section 13

1. Introduction

This Privacy Policy explains how Medi-Scan ("Medi-Scan", "we", "our", or "us") collects, uses, stores, shares, and protects information when you use our mobile application, website, AI assistant, document scanning tools, medication reminder system, emergency alert features, and related services collectively referred to as the "Services".

Medi-Scan is an AI-powered smart health companion designed to help users digitize prescriptions, understand blood test reports, manage medicine reminders, maintain health records, calculate BMI, track medication adherence, receive diet suggestions, and ask health-related questions through MediBot.

2. Medical Disclaimer

Medi-Scan provides informational and organizational support only. It does not provide medical diagnosis, treatment, prescription decisions, emergency care, or professional medical advice.

AI-generated report explanations, prescription summaries, safety checks, dietary recommendations, and MediBot responses may be incomplete or inaccurate. You must consult a qualified doctor, pharmacist, or healthcare provider before making medical decisions, changing medication, stopping medication, or relying on health suggestions.

In a medical emergency, contact local emergency services immediately.

3. Definitions and Scope

Personal Data means information that identifies or can reasonably identify an individual, such as name, email address, phone number, account details, device information, or location information.

Health Data means information related to physical or medical condition, prescriptions, medicines, dosage, lab reports, diagnostic values, BMI, weight, symptoms, medicine history, allergies, health profile, or wellness data.

Medical Documents means prescriptions, blood test reports, lab report PDFs, images, doctor notes, medical slips, and other health-related files uploaded or scanned through Medi-Scan.

This Policy applies to Medi-Scan users who access or use our Services. It does not apply to third-party websites, hospitals, labs, doctors, pharmacies, payment providers, or external services that have their own privacy policies.

4. Information We Collect

Medi-Scan collects information necessary to provide health document scanning, medication tracking, reminders, emergency alerts, AI assistance, and account security.

4.1 Account and Contact Information

- Name, email address, phone number, OTP verification details, account preferences, login activity, and support communications.
- Device identifiers and security logs used to protect your account and prevent unauthorized access.

4.2 Health and Medical Information

- Prescription images, extracted medicine names, dosages, timing, frequency, doctor instructions, and critical medicine settings.
- Blood test reports, lab markers, diagnostic values, report summaries, trends, and possible concern indicators.

- Medical history, health conditions, allergies, supplements, vitamins, adherence records, missed dose history, BMI, height, weight, and diet-related preferences that you choose to provide.

4.3 Documents, Camera, Gallery, and Files

- Prescription photos, lab report images, PDF reports, uploaded records, and extracted text from those documents.
- Camera, gallery, and file access are used only when you choose to scan or upload a medical document.

4.4 Reminder, Notification, and App Usage Information

- Medicine schedules, reminder times, snooze actions, Take Now confirmations, missed doses, adherence streaks, and calendar progress.
- App version, device model, operating system, crash logs, error logs, feature usage events, and technical diagnostics.

4.5 Emergency Contact Information

- Emergency contact name, phone number, email address, relationship label if provided, critical medication settings, and missed-dose alert history.
- You are responsible for ensuring that your emergency contact agrees to receive emergency alerts from Medi-Scan.

5. Location Usage

Medi-Scan may collect and use your location only when location-based features are enabled and permission is granted by you. The primary location feature is emergency missed-dose alerting for critical medications.

If a critical dose is missed and emergency alerts are enabled, Medi-Scan may include your last known GPS location or approximate location in the alert sent to your selected emergency contact.

Medi-Scan does not use location for advertising. You can disable location permission through device settings, but emergency missed-dose alerts may not include location after permission is disabled.

6. Payments

If Medi-Scan offers paid subscriptions, premium features, consultations, reports, or in-app purchases, payment processing may be handled by third-party payment processors, app stores, or billing providers.

Medi-Scan does not store full credit card numbers, debit card numbers, CVV, UPI PINs, banking passwords, or complete payment credentials on our own servers. Payment providers may collect billing name, payment method details, transaction amount, invoice information, tax information, and payment status according to their own privacy policies.

We may store limited payment-related records such as subscription status, transaction ID, plan type, purchase date, renewal date, refund status, and billing support communications to manage accounts, comply with legal obligations, and provide customer support.

7. How We Use Information

We use collected information to operate, secure, personalize, and improve Medi-Scan.

- Create and manage user accounts, verify OTP login, and provide customer support.

- Scan prescriptions, extract medicine names, dosage, and timing, and allow user confirmation before saving.
- Interpret blood test reports in plain language and track health trends over time.
- Create medication reminders, full-screen alarms, snooze alerts, adherence logs, streaks, and calendar views.
- Provide MediBot AI responses based on user-provided prescriptions, reports, and medical history.
- Generate personalized diet suggestions and possible food-medicine interaction alerts.
- Detect duplicate medicines, possible safety mismatches, and situations where expert review is recommended.
- Send emergency missed-dose alerts when enabled by the user.
- Improve app reliability, security, OCR quality, AI response quality, and user experience.

8. Data Sharing

We do not sell personal health information, prescriptions, medical reports, medication history, emergency contact information, or location information. We share information only as needed to provide Medi-Scan services, protect users, comply with law, or complete business operations.

8.1 Service Providers

We may share limited information with trusted providers that help us operate the app, including cloud hosting, databases, OTP delivery, push notifications, AI/OCR processing, email delivery, analytics, crash reporting, customer support, security monitoring, and payment processing.

8.2 Emergency Contacts

If you enable emergency alerts, we may share missed critical dose information and last known location with your selected emergency contact.

8.3 Healthcare Providers, Caregivers, or Family Members

We share health records with doctors, caregivers, family members, or other people only when you choose to share them or use a feature that sends information to them.

8.4 Legal, Safety, and Business Transfers

We may disclose information if required by law, legal process, regulatory request, safety concern, fraud prevention need, security incident, enforcement of our terms, merger, acquisition, restructuring, or sale of assets.

9. App Permissions

Permission	Purpose
Camera	To scan prescriptions, reports, and medical documents.
Photos, Gallery, Files, or Storage	To upload prescription images, PDFs, lab reports, and health records.
Notifications	To send medicine reminders, full-screen alarms, snooze alerts, and critical dose notifications.
Location	To include last known location in emergency missed-dose alerts, only when enabled and permitted.
Contacts	If used, to help select an emergency contact. Medi-Scan does not upload the full contact list unless cleared by you.
Internet	To sync account data, process AI features, deliver OTPs, store records securely, and operate cloud services.

You can manage app permissions through your device settings. Some features may not function properly if required permissions are disabled.

10. Data Storage and Security

We use reasonable technical and organizational safeguards to protect user information, including secure transmission, secure storage, OTP authentication, access controls, encryption where appropriate, monitoring, and limited access to sensitive data.

Because no electronic system is completely secure, we cannot guarantee absolute security. You are responsible for keeping your device, phone number, email account, and app access secure.

11. Data Retention

We retain information only for as long as necessary to provide Medi-Scan services, comply with law, resolve disputes, prevent fraud or misuse, maintain backups, and improve security.

Medical records are retained until you delete them or close your account, unless longer retention is required or permitted by law. Reminder history, adherence logs, emergency contact details, and location alerts are retained only as needed for the relevant features. Technical logs may be retained for a limited period for security and debugging.

12. Account Deletion

You may request deletion of your Medi-Scan account through the in-app account deletion option, if available, or by contacting us at [Insert Privacy / Support Email].

After a verified deletion request, we will delete or anonymize personal data, health data, uploaded documents, medication history, reminder data, emergency contact details, and account information unless retention is required for legal, security, fraud prevention, backup, dispute resolution, tax, accounting, or legitimate business purposes permitted by law.

Some deleted information may remain in encrypted backups for a limited period before permanent removal.

13. Age Restriction and Children's Privacy

Medi-Scan is intended for users who are at least 18 years old. Users under 18 may use the Services only with the involvement and consent of a parent or legal guardian, where permitted by law.

We do not knowingly collect personal or health information from children without appropriate consent. If we learn that we collected such information without required consent, we will take reasonable steps to delete it.

Parents or guardians may contact us to request access, correction, or deletion of a child's data.

14. Legal, Compliance, and Safety

We may process or disclose information when necessary to comply with applicable laws, regulations, court orders, government requests, tax or accounting requirements, safety obligations, fraud prevention, security investigations, enforcement of terms, or protection of rights, property, and users.

Where applicable, Medi-Scan may process personal data in accordance with data protection laws such as the Digital Personal Data Protection Act, 2023 in India and other applicable privacy laws based on user location.

For legal notices, privacy concerns, complaints, or data requests, contact: [Insert Legal / Privacy Email].

15. AI Processing and Health Insights

Medi-Scan uses AI technologies such as OCR, handwriting recognition, text extraction, natural language processing, retrieval-based context, and AI-assisted summarization to support prescription scanning, lab report explanation, MediBot responses, diet suggestions, duplicate medicine checks, and safety alerts.

Unless we separately ask for your permission, we do not use identifiable prescriptions, medical reports, health records, or personal health data to train public AI models. We may use anonymized or aggregated data to improve reliability, safety, and performance where permitted by law.

AI results should be reviewed carefully. Users must verify extracted medicines, dosages, timings, report values, and emergency contact settings before relying on them.

16. User Rights and Choices

Depending on applicable law and your location, you may have rights to access, correct, delete, export, restrict, object to, or withdraw consent for certain processing of your personal data.

- Access and review personal data and health records stored in your account.
- Correct inaccurate account, medicine, report, or emergency contact information.
- Delete uploaded records, prescriptions, reports, reminders, or your entire account.
- Withdraw consent for optional features such as notifications, location sharing, emergency alerts, and AI personalization.
- Disable permissions from device settings, including camera, files, notifications, location, and contacts.
- Contact support for privacy requests, complaints, or account assistance.

17. Third-Party Services

Medi-Scan may use or link to third-party services such as cloud hosting providers, payment processors, app stores, laboratories, doctors, pharmacies, analytics providers, AI/OCR providers, and support platforms.

Third-party services may have their own privacy policies and terms. Medi-Scan is not responsible for privacy practices of services that we do not own or control.

18. Changes to This Policy

We may update this Privacy Policy from time to time. If we make significant changes, we will notify users through the app, website, email, or another appropriate method. The updated policy will be effective from the date shown at the top of this document.

19. Additional Notice for Users in India

If you are located in India, your personal data may be processed in accordance with applicable Indian privacy laws, including the Digital Personal Data Protection Act, 2023 and applicable rules.

You may have rights to access information, correct personal data, request deletion, withdraw consent, raise grievances, and nominate another person to exercise rights in case of death or incapacity, where applicable. To exercise these rights, contact us at [Insert Privacy / Support Email].

20. Contact and Support

For privacy questions, account deletion requests, legal notices, support requests, complaints, or data rights requests, contact Medi-Scan using the details below.

Medi-Scan Privacy / Support Team	[Insert Team / Department Name]
Legal Name	[Insert Company / Developer Legal Name]
Privacy Email	[Insert Privacy Email]
Support Email	[Insert Support Email]
Business Address	[Insert Business Address]
Grievance Officer / Data Protection Contact	[Insert Name and Contact, if applicable]

This document is a professional draft and should be reviewed by a qualified legal professional before publication, especially because Medi-Scan processes health data and other sensitive information.
